## Education

McGill University, Montreal, Quebec, Canada  
2009 B.A. Economics  
Minor: International Development Studies

## Professional Experience

### Women's Concierge

July-September 2009

*Mercy Medical Center*, Baltimore, Maryland

My duties at the Weinberg Center for Women's Health and medicine include aiding patients in navigating the hospital and discussing how the patient can cope with illness in day to day living. In addition I help the marketing department in public relations and advertising campaigns.

### Features Writer Intern,

April-June 2008

*The Nose*, Buenos Aires, Argentina

Used my Spanish language skills to research and write articles for the first two editions of the newspaper. Topics were human interest stories such as restaurant reviews, volunteer opportunities, and alternative methods that local businesses have adopted in order to operate in a country that experiences rampant economic fluctuations.

### Information Specialist and Contributing Writer Intern

February 2008-May 2008

*South American Explorers*, Buenos Aires, Argentina

Independently wrote eight articles and increased the member services information database by 20 percent. Successfully multitasked my own work while simultaneously answering the questions of clients and helping them coordinate travel plans. Learned the inner workings of a small non-profit that operates over-seas. Was offered promotion but turned it down to return to school.

## Extra Curricular and Volunteer Experience

*Engineers Without Borders*, McGill University

2007-2009

Gave presentations on sensitive development issues to elementary school children in the Montreal area so that I could gain a better understanding of the specifics being done towards global development.

*International Club*, McGill University

2006-2009

Attended regular meetings and took advantage of discounted tickets to see influential American and Canadian political leaders
