

HONOR STONER

2947 W Centennial Dr. Apt. 204 Littleton, CO 80123 · 678-333-3835

· honor.stoner@ucdenver.edu ·

I am a graduate student University of Colorado Denver pursuing my Master of Science in environmental science and GIS certificate. I am looking to further my graduate and work experience. I am dedicated, hardworking, committed individual. I look forward to learning new things and advancing my workplace knowledge.

EXPERIENCE

SUMMER 2014 & 2015

LIFEGUARD, SWEETWATER POOLS COMPANY

Lifeguarded at multiple country clubs in Georgia. Promoted to head lifeguard for one such club.

SUMMER 2016

ENV. SCIENCE INTERN/SECRETARY, CROY ENGINEERING

Consulted on environmental concerns and permits for office and was temporary secretary at new extension office.

JANUARY 2017 – MAY 2017

GIS INTERN, EAST CENTRAL FLORIDA REGIONAL PLANNING COUNCIL

Geographic information systems intern for ECFRPC for project concerning sea level rise and flooding in Volusia County. Analyzed data and maps in ArcGIS, along with writing report. Link to report: https://www.r2ctpo.org/wp-content/uploads/Resilient-Volusia-County_final-reduced.pdf

MAY 2017 – NOVEMBER 2017

ENV. SCIENCE INTERN, STETSON UNIVERSITY

Helped collect soil samples for research projects, along with georectifying images for a GIS project on mangroves.

EDUCATION

HIGH SCHOOL DIPLOMA, THE WALKER SCHOOL

National Honors Society, German Honors Society, Treasury Class Representative for 3 years.

MAY 2018

BACHELOR OF SCIENCE, STETSON UNIVERSITY

Majored in environmental science, with a minor in psychology. Alpha Xi Delta Member.

GRADUATE MAY 2020

MASTER OF SCIENCE, UNIVERSITY OF COLORADO DENVER

M.S. in environmental science with an ecosystem specialization and completing GIS certificate.

SKILLS

- Microsoft Office
- Adobe Illustrator
- ArcGIS
- Able to perform basic secretary duties

ACTIVITIES

Alpha Xi Delta Foundation Liaison – Connected fellow members to scholarship opportunities offered during my time in undergraduate.

Global Medical Brigades Member – Travelled to remote communities in Nicaragua to provide medical assistance, construct sanitary outhouses, and provide other public health services in spring of 2016.

Volunteer at Marine Science Center – Assisted in educating public and overseeing touch tanks, along with cleaning aquariums at Marine Science Center in New Smyrna Beach, Florida in summer of 2015.

Marine Conservation Dominican Republic – Helped take ocean samples along with assisting in efforts to recover and rebuild locally damaged reefs in Dominican Republic in summer of 2013.

Sea Turtle Conservation Costa Rica – Built hatchery and collected eggs from nests on local beaches to protect from poachers in Costa Rica in summer of 2012.
