### M.B.A. Sustainability

Boulder, CO  
Aug. 2015 – May 2017

### University of Colorado Boulder, Leeds School of Business

Focus in sustainability, corporate social responsibility and finance. Member of Net Impact CU, a student and professional organization dedicated to creating positive social change in business.

### B.A. History

Swarthmore, PA  
2009 – 2013

### Swarthmore College

Recipient of the Elizabeth Thorn Snipes Scholarship 2009-2013. Swarthmore NCAA Varsity Baseball four year letter 2009-2013. Team Captain 2013. Student representative for the Swarthmore Public Safety Advisory Council 2012-2013.

## EXPERIENCE

### DaVita Inc.

Denver, CO  
April 2017 – Present

### Senior Sustainability Analyst

Work across business functions to implement waste and resource use reduction projects and increase renewable energy consumption. Manage, analyze, and diffuse all sustainability data including carbon, energy, water and waste for 2,700+ locations. Manage and draft DaVita's CDP response and supply chain and environment components of DJSI resulting in annual score increases. Support and steer ESG and CSR reporting including content creation and data collection for DaVita's CSR report.

### Madhava Natural Sweeteners

Longmont, CO  
May – Nov. 2016

### MBA Intern; Sustainability and Reporting

Successfully guided Madhava through the B Lab B Corp Impact Assessment as an in-house consultant. Authored Madhava's first ever corporate social responsibility (CSR) and sustainability report. Performed Madhava's first GHG inventory. Produced comprehensive sustainability audit and implemented recommendations.

### Institute for Environmental Solutions

Denver, CO  
March 2014 – Sept. 2015

### Project Manager

Oversaw award winning environmental remediation and education projects from planning through implementation across Denver metro. Brought in multiple new client cities and partners. Authored numerous successful grants and the IES Outreach Manual. Provided research for think tank arm of the organization.

## VOLUNTEER WORK

### Swarthmore Office of Sustainability

Swarthmore, PA  
Aug. 2017 – Present

### Sustainability Sage

Sustainability "sage" or mentor for the Swarthmore President's Sustainability Research Fellowship (PSRF). Students in the PSRF program develop and implement projects in a yearlong course and associated internship. Provide research and guidance to help students successfully implement projects.

### Institute for Environmental Solutions

Denver, CO  
March 2018. – Present

### Tree Project Steering Committee Member

Steering committee member for the Institute for Environmental Solutions' Tree Project. The Tree Project implements urban forestry programs with an emphasis on tree science and uses multi-disciplinary partnerships to accomplish goals. Provide guidance to project members and identify potential volunteer opportunities.
